ABSENT: Councillor C. Rintoul

Staff: R. Humble, Chief Administrative Officer
A. Hicik, Director of Corporate Services
B. Mikkelsen, Fire Chief
C. Newcomb, Senior Manager of Planning
M. van der Linden, Acting Director of Engineering
B. DeMaere, Manager of Engineering
B. Robinson, Manager of Public Works & Parks
S. Nelson, Corporate Officer

1. **CALL TO ORDER / PUBLIC PARTICIPATION PERIOD (maximum 20 minutes) / INTRODUCTIONS / PRESENTATIONS / PUBLIC HEARINGS**

The Mayor called the meeting to order at 7:00 p.m.

A. PUBLIC PARTICIPATION PERIOD

1. **M. Lounds** - stated there is a need for a plan for aging in place and that living in isolation is not as safe as being in a "community", such as a co-housing development which provides for communal living, eating, sharing of spaces, etc.
2. **Resident** – requested the name of the developer of the Fire Hall/Parking Lot lands, so as to not support any future proposal from the proponent, and expressed concerns regarding parking during construction of the new buildings; and requested whether there is going to be a pot shop in Sidney.
3. **K. Wyckham, 2499 Rothesay Avenue** – stated Sidney has been a great area for raising children and is going to be a good spot for active retirement; is excited about Ravens Crossing Co-Housing and that it should be used as a model; and that it is a wonderful match for Sidney.
4. **J. Gifford, 10448 Allbay Road** – commended the Town on the public consultation for the Galaran Road Sidewalk Project, stating it was exactly the kind of consultation the Sidney Community Association has been requesting (i.e. good notification, good location/time, included presentations and a question/answer period, etc.) and stated was pleased that the mailboxes would be moved in 2019.
5. **I. Bruce, Executive Coordinator of Peninsula Streams Society** – thanked Council for receipt of grant funding; advised 40 fish eggs have been found in Roberts Bay; stated looks forward to working on the Reay Creek remediation; requested a Council and staff liaison be appointed to the Society to maintain communications; and invited Council for a Reay Creek walk.
6. **D. Calvey, 9655 First Street** – requested clarity with respect to where Island Treats will and will not be able to operate; and was disappointed about the potential use of the employee parking lot being made available to the public.
7. **P. Woodward, owner of Island Treats** – requested Island Treats be granted permission to enter areas within the commercial downtown core (but remain restricted from retailing), as it would restrict them from transiting to and from their base of operations and use of public washrooms; and advised that CRD has confirmed they may use the Lochisde Trail for transiting purposes, but is restricted from retailing along the path.

8. **T. Wright, 2355 Brethour Avenue** – expressed concerns regarding the Ravens Crossing Co-housing development stating it is too big for the area, will impact the neighborhood, only a few single-family dwellings remain, etc.; and is opposed to all variance being requested.
9. **C. MacIsaac, owner of Quince Café** – expressed concerns regarding Island Treats application as it directly conflicts with their ice cream business, of which sales are instrumental in allowing them to operate year round; stated as a local business - pays property taxes, donates to charity, support local events, etc. and that allowing such a business with similar product would negatively impact their sales; and requested some clarification with respect to compliance of regulations/conditions and enforcement.
10. **Z. Lace, a unit owner** - stated Ravens Crossing Co-Housing is an owner-builder type of development where the builders are future owners of the strata-title units; it is not for a profit development that provides for community living; its purpose is not to build to the maximum building envelope, but rather to build to maximize green space; and stated hopes the Town welcomes them.

Public Participation Period closed at 7:30 p.m.

B. PRESENTATIONS

a. VAA's 2018 Report to Nominators

Wendy Everson, Town's nominee, advised that the airport reached over 2 million passengers in 2018; that, to-date in 2019, there has been a decrease in passengers due to shift in service and weather events; and advised that the airport has only two sources of revenue - aviation and non-aviation activities.

Charles Lovallo, Town's nominee, advised that the airport achieved all goals of its operating and capital budgets and has no debt; noted 68% of total revenue comes from non-aviation activities (parking, restaurants, retail, etc.); the airport offers the lowest operating costs for airlines; 2018 revenue = \$39.5 million with net income = \$11.2 million; and advised of some of the upcoming 2019 projects.

Geoff Dickson, President, & CEO of the Victoria Airport Authority, advised that the February snowfall caused significant disruption to their operations and that the runway had to be closed twice. He provide details on some of the upcoming capital improvements - expansion of the lower departure area, apron extension, extension of taxi echo, etc. and some of the new services being offered – Air Canada services to Toronto and Montreal, new ultralow cost carriers, etc.

Council members had some questions regarding airlines use of fossil fuels and future transportation alternatives, impact of aircraft noise on surrounding neighborhoods, potential land leases/development proposals, and issues respecting yellow cab taxi service.

b. Cycling Without Age

Steve Duck, of Cycling Without Age, advised of the Sidney-based non-profit society that has established a cycling service for the elderly and less-able citizens in the community. Mr. Duck advised 1 Trishaw Bike (out of 6) has been purchased (cost = \$14,000/each) to provide the tours (currently 2 rides per day). He advised riders are trained and must meet various requirements, and that the passenger must be accompanied by their caregiver. He advised two routes have been established through the community (to Roberts Bay and downtown piers) utilizing safe and quite roadways (not sidewalks). Mr. Duck noted that the society is seeking support through donations, sponsorships and volunteers and hopes to improve the lives of our citizens.

2. APPROVAL OF AGENDA

2019.17.160 Moved by Councillor B. Fallot, seconded by Councillor T. O'Keeffe, that the agenda be approved as presented.

17. NOTICES OF MOTION

a. Climate Action

With respect to the regional climate emergency declaration, Councillor P. Wainwright gave notice of the following motion to be considered at the next regular Council meeting:

WHEREAS on February 14, 2019 the CRD Board unanimously voted to declare a climate change emergency;

Sidney's OCP states:

"14.4.1 The Town will endeavour to reduce greenhouse gas emissions from the community as a whole by 15% below 2007 levels by the year 2020; 30% below 2007 levels by the year 2030; and 80% below 2007 levels by the year 2050.

14.4.2 The Town will endeavour to reduce greenhouse gas emissions from its own corporate operations in an effort to reach and maintain a state of carbon neutrality.

14.4.3 The Town will work to achieve the reduction targets by implementing the policies and actions contained within the Town's Climate Action Plan."

Sidney's 2010 Climate Action Plan established GHG reduction targets for corporate operations: 15% below 2009 by 2015 and 20% below 2009 by 2020 (2009 GHG emissions were 343 tCO₂e);

Sidney's 2010 Climate Action Plan estimated 221 tCO₂e emissions due to our fleet of vehicles out of 343 tCO₂e from corporate operations in 2009 (64.4%);

Sidney's 2010 Climate Action Plan (p. 17) advocates that the Town "Lead by Example (Town Operations)";

In 2017 Sidney reported direct GHG emissions from corporate operations as 311.25 tCO₂e, a reduction of 9.25% (Sidney's corporate GHG emissions were reported as carbon neutral due to reductions and offsets from household organic waste composting);

There are now several Canadian and American manufacturers of EV pickup trucks, buses and medium duty trucks; and

Central Saanich has resolved to convert its light duty fleet of vehicles to electric in 2019, North Saanich currently has 3 EV vehicles in its fleet, while Sidney currently has only 1 EV vehicle in its fleet;

BE IT RESOLVED that staff investigate and report to council on the merits and options for accelerating the conversion of Sidney's light duty fleet to electric vehicles.

18. MOTION TO GO “IN-CAMERA” (CLOSED MEETING) – not required.

19. ADJOURNMENT

2019.17.190 Moved by Councillor B. Fallot, seconded by Councillor P. Wainwright, that the meeting be adjourned at 10:05 p.m.
